and Friday

Our Curriculum

Year 2: Autumn Term 1

This newsletter is to inform you about the curriculum content for this term for your child. We hope you find this to be informative and are sure that your child will enjoy talking with you about their learning.

English

Our writing focus is the book, 'The Journey Home' by F. Preston-Gannon.

We will write commands, questions and sentences; write a recount and descriptions.

Children need to bring their reading book to school every day. They read as part of their RWInc lessons. Please encourage them by listening to them read at home and sharing other books too! Thank you.

Maths

Our focus is place value and addition. We are working with numbers up to 100 and describing how many tens and ones different numbers have. We will compare and order numbers and place them on numberlines.

We will count in 2s, 10s and 5s; explore fact families and add ten to a 2 digit number.

Please start telling the time with your child.

Science

Our focus is habitats and learning about different habitats around the world.

We will learn about the animals that live in different habitats and how they adapt to live there happily.

Talk about places you visit and any animals you have seen there.

Wider Curriculum

In Geography we are learning about our local area – look around as you travel to school. We are focussing on the story of creation in RE and thinking about how we can care for our world. Children are learning about IT in the world around us and how it is used inside and outdoors. In PSHE our focus is on families and relationships and thinking about why families are important. We will learn about continuous line drawing in art and create our own pictures without taking the pen off the paper!

Ways to help your child at home:

Read, read, read! Read to your child and with your child!
